Hallo Uwe,

wenn Du auf der Webseite bei den Downloads auf "Sonstiges" (Another) gehst wirst Du fündig!

Helmut

Danke für den Hinweis. Hilft aber nicht, denn beim Bogey gibt's jetzt immer noch eine fehlende Abhängigkeit.

Ist denn bei Dir alles komplett?

Gruß

Uwe

Nachtrag: Mittlerweile habe ich das Fehlteil bei Samplaire heruntergeladen. Passt!

In the .rar files of the Kof locomotives there is a [CDP](#) with a locomotive and a separate one with dependencies.

If I would be Basty, I would be somewhat annoyed. I mean, if you like to do your own web site, okay with that.

But then I suggest you do the support also there...

Mick!
